

I'll be right along
Cause, baby, you're so strong

Baby, I see you're vulnerable to me
That's your power over me
Baby, baby, I know it's always been so
Physical love is oh so meaningful for you
You write love letters to me
Strong
You know how to talk to me
So strong
Baby, I'm yours
You know
Because you're so
So strong
You're so, so strong
You would fight for me
You would starve for me
You would suffer, suffer for me
You would die for me
Well, I feel the same way too
You know I feel that way about you
I know you're mad about me
You show me because you're so
So strong
I know you're mad about me
You show me because you're so
So strong
You're so, so strong
You're so, so strong
