

Feeling I've been lost for years
You can never understand me
Unless you've seen those tears
But you never get to sleep when I'm away
I don't mind the deeper that you lay
Out of time

Pain. I can't sleep.
Pain. I can't sleep.

Running, running from those days
There's another one inside me
Guess I've gone insane
But you always run away when I come around
I don't mind the day I'll track you down

Pain. I can't sleep.
Pain. I can't sleep.

Don't stop. Don't talk. Do not fuck with me.
Don't stop. Don't talk. Do not fuck with me.
Loaded, loaded up this gun
There's a killer in me
Hoping, hope that you're the one
But you always run away when I come around
I don't mind the day I'll track you down
Terrify

Pain. I can't sleep.
Pain. I can't sleep.
Pain. I can't sleep.
