

there's a hole in the fence
and I can see Jodi Foster
running faster than
a monster

there's a hole in the fence
and I can see the whole neighborhood
wondering where the hell we are

there's a hole in my life
that I spent in Walla Walla
wondering why
I had a hole in my life

there's a hole in your brother
cause you shot him
guess you'll make the six o'clock news
and get exclusive coverage
from forty-five networks

I don't care much for people
and you're people

there's a hole in my life
am I supposed to figure it out
there's a hole in my life
am I supposed to fill it with drugs
and there's a hole in my head
my head

I don't care much for people
and you're people
