

Oh hey man, I'm just a sucker for a sin.
You never ever have to pay,
And we can kiss with open mouths.
What can you do?
Is it that you're uptight?
We can play that all night.
We can play submission.
I love to play submission.

Oh please, I wait all day
And chew my nails.
She's so pretty.
He's so pretty.
Burn the city.
Take the money.

Oh hey man, I never know to say amen.
I always never understand,
And we should kiss with open mouths.
What can you do?
Is it that you're uptight?
We can play that all night.
We can play submission.
I love to play submission.

Oh please, I wait all day
And chew my nails.
She's so pretty.
He's so pretty.
Burn the city.
Take the money.

I think that we should fall in love,
Or maybe we should fall in love.
Oh I just love to fall in love,
And we can love to fall in love.

She's so pretty. Take the money.
(We're gonna take the money.)
Take the money.
(We're gonna take the money.)
Take the money.
(We're gonna take the money.)
