

Maybe I don't know you as well as I think I do
Maybe I'm just paranoid of not [?] true
It doesn't really matter if I do or don't believe in you
[?]

All that you know
The future's in your mouth
The world is at your feet but you don't know it's there
Always unprepared
And you're always running scared

Maybe they were [?]
Did you think for just one minute
They might lie to you

All that you know
The future's in your mouth
The world is at your feet but you don't know it's there
Always unprepared
And you're always running scared

[?] stand up [?]
Maybe they don't give a fuck about the likes of you

All that you know
The future's in your mouth
The world is at your feet but you don't know it's there
Always unprepared
And you're always running scared

The future's in your mouth
But you don't know it's there
You're always unprepared
And you're always running scared

Do it
