

You don't wanna say it  
And I don't wanna do it  
You don't wanna think about anything I say  
At least not today  
You don't wanna break it  
And I don't wanna face it  
It's simplified, it's justified,  
It's making me so sick inside  
And I feel trashed  
'Cause when I'm lost  
I feel hopeless  
I feel trashed

You don't wanna say it  
And don't I wanna do it  
You don't wanna think about anything I say  
At least not today  
You don't wanna break it  
And I don't wanna face it  
It's simplified, it's justified,  
It's making me so sick inside  
And I feel trashed  
'Cause when I'm lost  
I feel hopeless

When I'm lost  
I feel hopeless  
I feel trashed  
'Cause when I'm lost  
I feel hopeless  
I feel...

'Cause when I'm lost  
I feel hopeless  
I feel...  
'Cause when I'm lost  
I feel hopeless  
I feel trashed
