

Sweet Charlotte Rose
Taking my love, now you're all alone
Spinning that wheel
In time
All day, looking out
At the children, while they play

There's a time and place for everything
Sweet Charlotte Rose
(Rose, Rose)
There's a time and place for everything
Sweet Charlotte Rose
(Rose, Rose)

Sweet Charlotte Rose
Feeling the pain from years ago
Now she sees white
In the mirror
A place you'll never know
A place you'll never go
Forever

There's a time and place for everything
Sweet Charlotte Rose
(Rose, Rose)
There's a time and place for everything
Sweet Charlotte Rose
(Rose, Rose)

Charlotte Rose
Charlotte
Heading for a breakdown
Charlotte
Heading for a breakdown

Ah-Ha start a new life
Smile Ah-Ha
Yeah smile, Ah-ha
In the mirror
It's a place you'll want to go
It's a place you'll want to go
Forever

There's a time and place for everything
Sweet Charlotte Rose
There's a time and place
(Rose)
Sweet Charlotte rose
There's a time and place for everything
Sweet Charlotte rose
There's a time and place
(Rose)
Sweet Charlotte Rose
There's a time and place for everything
Sweet Charlotte Rose
There's a time and place
(Rose)
Sweet Charlotte Rose
There's a time and place for everything
Sweet Charlotte Rose
There's a time and place
(Rose)
Sweet Charlotte Rose
