

In tonight's timeless show a trance runs deep.
Underneath the shades of dark I'm set free.
I enchant crooked eyes.
In mind we go strong.
In a cosmic trance our eyes stare on and on and on.
Show me your desires I can't reach.
Tell me all the words you can't release.
I deny what's left of your distance.
I reside by your side.
In between nervous laughs conversations turn.
I disclose to the other side.
Let's hide away where thoughts run free.
Take a chance with me and we'll dine in hell...
