

around my smile
and I've got a thoughtless feeling inside
I've got it going (x3)
I've got it going on
got me going on again
around my smile
and I've got a thoughtless feeling inside
why don't you take a friend
in the shade
somewhere all the minutes stay around
I've got it going (x3)
I've got it going on
got me going on again
around my smile
and I've got a thoughtless feeling inside
I've got it going (repeat)
